EXCELLENCE IN CHEMICAL SPECIALTIES

## COSMETICS SECTOR

---

Distributor and producer of chemicals products for the cosmetic industry and personal care.

Corquimia Industrial was born in 2006 and has a team of specialists who have extensive experience both technically and commercially.

The Life Science division, cosmetic sector, has a wide range of products such as essential oils, silicones, surfactants, basic chemistry, and a wide variety of high-quality ingredients for the development of personal care formulas.

We are committed to guaranteeing proximity, flexibility, and personalized solutions

**For more information contact us at [lifescience@corquimia.com](mailto:lifescience@corquimia.com)**

## PRODUCT INDEX

### COSMETIC INGREDIENTS

Essential oils	2
Active ingredients	2
Vitamins	2
Skin conditioner, emollients, and moisturizers	3
Binders, stabilizers, and viscosity controllers	4
Aminoacids	4
Antioxidants and pH regulators	5
Waxes	5
Dyes	6
Preservatives	7-8
Masking	9
Surfactants	9
Silicones	10

# COSMETIC INGREDIENTS

## ESSENTIAL OILS

INCI	CLASSIFICATION
Celery Essential Oil ( <i>Apium Gravoelens L.</i> )	Fragrances, scents, aromatherapy
Angelica Root Essential Oil ( <i>Angelica archangelica</i> )	Fragrances, scents, aromatherapy

## ACTIVE INGREDIENTS

INCI	CLASSIFICATION
Diatomaceous Earth	Abrasive
Niacinamide	Smoothing
Pullulan	lifting effect
Snail Secretion Filtrate	Non-GMO, parabens free, snail slime with glycerin

## VITAMINS

INCI	CLASSIFICATION
Biotin	Hair and skin conditioner, antiseborrheic
Cyanocobalamin	Skin conditioner
Tocopheryl acetate	Antioxidants, moisturizers, soothing
Folic Acid	Skin conditioner
Menadione	Masking
Phytonadione	Skin conditioner
Phytosphingosine	Hair conditioner, skin conditioner
Pyridoxine HCL	Antistatic, hair and skin conditioner
Retinol	Skin conditioner
Riboflavin	Cosmetic colorant, skin conditioner

# COSMETIC INGREDIENTS

## SKIN CONDITIONING, EMOLLIENTS, HUMECTANTS

INCI	CLASSIFICATION
Ethylhexanol	Emollient
Allantoin	Soothing, emollient
Behenyl Alcohol	Emollient
Butyrospermum Parkii butter	Skin conditioning, emollient
C12-15 Alkyl Benzoate	Skin conditioning, emollient
Caprylic/Capric Triglyceride	Emollient, solvent
Caprylyl Glycol	Emollient, moisturizer, skin conditioner
Cetearyl Alcohol	Emollient, emulsifier, stabilizer
Cetearyl Ethylhexanoate	Emollient
Cetyl Alcohol	Emollient, emulsifier, viscosity controller
Diethylhexyl Adipate	Emollient, film formers, plasticizer
Erythritol	Moisturizing, moisturizing
Ethylhexyl Palmitate	Emollient
Ethylhexyl Stearate	Emollient
Ethylhexyl Glycerin	Skin conditioning
Fructose	Moisturizer
Glycerin	Denaturant, humectant, solvent
Inositol	Antistatic, moisturizer, hair conditioner
Isononyl Isononanoate	Antistatic, emollient, skin conditioning
Isopropyl Myristate	Emollient, solvent, skin conditioner
Lac Powder	Skin conditioner
Lecithin	Emollient, emulsifier, skin conditioner
Lysine	Antistatic, skin and hair conditioner
Oleic Acid	Emollient, emulsifying
Palmitic Acid	Emollient, emulsifying
Petrolatum	Antistatic, emollient
Ricinus Communis oil	Emollient, skin conditioner, moisturizer
Simethicone	Emollient, hair conditioner, defoamer
Sorbitol	Humectant, plasticizer, skin conditioner
Stearyl Alcohol	Emollient, viscosity controllers
Tridecyl Trimellitate	Emollient, skin conditioner
Xylitol	Moisturizer, skin conditioner
Yogurt	Hair conditioner, skin protector

# COSMETIC INGREDIENTS

## BINDERS, STABILIZERS, VISCOSITY CONTROLLERS

INCI	CLASSIFICATION
Agar	Binders, viscosity controller
Algin	Binders, viscosity controller
Bentonite	Absorbent, stabilizer, viscosity controller
Calcium Acetate	Viscosity controller
Gelatin	Viscosity controller
Guar Gum	Thickener, emulsifier and stabilizer
Mannitol	Binders, moisturizer, masking
Microcrystalline Cellulose	Absorbent, stabilizer, viscosity controller
Pectin	Binders, stabilizer, viscosity controller
PEG-2M	Binders, stabilizer, viscosity controller
Poly (C20-28 olefin)	Film formation, viscosity control
Polyethylene	Antistatic, binders, stabilizer
Potassium Alginate	Binders, stabilizer, viscosity controller
Propylene Glycol	Wetting agent, solvent, viscosity controller
Silica	Viscosity controller, anti-aggregation
Silica Dimethyl Silylate	Defoamer, viscosity controller
Stearic Acid	Stabilizer, emulsifier, surfactant
Xanthan Gum	Stabilizer, viscosity controller
Polyvinyl Alcohol	Viscosity controller

## AMINOACIDS

INCI	CLASSIFICATION
Cetyl Cysteine	Antioxidant
Alanine	Antistatic
Asparagine	Antistatic
Glutamic Acid	Antistatic, moisturizer, hair conditioner
Isoleucine	Antistatic, hair dyes
Phenylalanine	Antistatic
Taurine	Buffering
Threonine	Antistatic, hair conditioner
Tryptophan	Antistatic
Tyrosine	Antistatic, skin conditioning
Valine	Antistatic, hair conditioner

# COSMETIC INGREDIENTS

## ANTIOXIDANTS AND PH REGULATORS

INCI	CLASSIFICATION
Adipic Acid	Buffering
Ascorbic Acid	Antioxidant
BHT	Antioxidant
Citric Acid	Buffering, chelating
Erythorbic Acid	Antioxidant
Fumaric Acid	Buffering
Gallic Acid	Antioxidant
Kojic Acid	Antioxidant
Lactic Acid	Buffering
Magnesium Ascorbyl Phosphate	Antioxidant
Malic Acid	Buffering
Rutin	Skin conditioning, antioxidant
Sodium Ascorbate	Antioxidant
Sodium Citrate	Buffering/chelating
Sodium Erythorbate	Antioxidant
Tartaric Acid	Buffering
Ubiquinone	Antioxidant, skin conditioner

## WAXES

INCI	CLASSIFICATION
Beeswax Acid	Stabilizer
Microcrystalline wax	Binders, opacifying emulsion stabilizer, viscosity controllers
Copernicia Cerifera (Carnauba) Wax	Emollient, film-forming
Montan wax	Antistatic, binders, opacifier, viscosity controllers
Paraffin	Emollient, viscosity controllers
Paraffinum Liquidum	Antistatic, emollient, solvent, skin protector
Synthetic wax	Antistatic, binders, emollient, emulsion stabilizer, viscosity controllers

# COSMETIC INGREDIENTS

## DYES

INCI	NAME	APPLICATIONS
CI 45350	D&C Yellow 8	Hair dyes
CI 15510	D&C Orange 4	Cosmetic colorant
CI 16185:1	Amaranth	Cosmetic colorant
CI 47005:1	Quinoline Yellow	Cosmetic colorant
CI 15985:1	Sunset Yellow	Cosmetic colorant
CI 14720:1	Azorrubine	Cosmetic colorant
CI 42090:1	Brilliant Blue Fcf	Cosmetic colorant
CI 42051:1	Patent Blue V	Cosmetic colorant
CI77268:1	Activated carbon	Cosmetic colorant
CI 47005	D&C Yellow 10	Cosmetic colorant
CI 47005:1	D&C Yellow No.10 Al. Lake	Cosmetic colorant
CI 61570	D&C Green 5	Cosmetic colorant
CI 61565	D&C Green 6	Cosmetic colorant
CI 59040	D&C Green 8	Cosmetic colorant
CI 45380:1	D&C Red 21 Al. Lake	Cosmetic colorant
CI 45380	D&C Red 22	Cosmetic colorant
CI 45410:2	D&C Red 27 Al. Lake	Cosmetic colorant
CI 45410	D&C Red 28	Cosmetic colorant
CI 17200	D&C Red 33	Cosmetic colorant
CI 17200:1	D&C Red 33 Al. Lake	Cosmetic colorant
CI 14700	D&C Red 4	Cosmetic colorant
CI 15850:2	D&C Red 6 Ba. Lake	Cosmetic colorant
CI 15850:1	D&C Red 7 Ca. Lake	Cosmetic colorant
CI 60725	D&C Violet 2	Cosmetic colorant
CI 47000	D&C Yellow 11	Cosmetic colorant
CI 77891	Titanium dioxide	Cosmetic colorant
CI 45430:1	Erythrosine	Hair dyes
CI 60730	Ext. D&C Violet 2	Hair dyes
CI 73015:1	Indigotine, Indigo Carmine	Cosmetic colorant
Magnesium Stearate	Magnesium Distearate	Cosmetic colorant
CI 20285:1	Brown Ht	Cosmetic colorant
CI 28440:1	Glossy Black Bn	Cosmetic colorant
CI 16255:1	Ponceau 4r	Cosmetic colorant
CI 16035:1	Allura Red Ac	Cosmetic colorant
CI 19140:1	Tartrazine	Cosmetic colorant
CI 44090:1	Green	Cosmetic colorant

# COSMETIC INGREDIENTS

## PRESERVATIVES

INCI
2-Bromo-2-nitropropane-1,3-diol
Acetic Acid
Benzoic Acid
Benzyl Alcohol
Benzyl Alcohol & Ethylhexylglycerin
Benzyl Alcohol & Glyceryl Laurate
Benzyl Alcohol & Phenoxyethanol & Potassium Sorbate
Calcium Propionate
Chitosan
Chloromethylisothiazolinone & Methylisothiazolinone
Chloromethylisothiazolinone & Methylisothiazolinone & 2-Bromo-2-nitropropane-1,3-diol
Dehydroacetic Acid
Dehydroacetic Acid & Benzyl Alcohol
DHA & Benzyl Alcohol
Diazolidinyl Urea
Diazolidinyl Urea & Methylparaben & Propylparaben in Propylene glycol
DMDM Hydantoin Methylchloroisothiazolinone Methylisothiazolinone
DMDM Hydantoin
DMDM Hydantoin Iodopropynyl Butylcarbamate
DMDM Hydantoin Potassium Sorbate
Ethylparaben
Gluconolactone & Sodium Benzoate & Calcium Gluconate
Glutural
Glyoxal
Imidazolidinyl Urea
Methylchloroisothiazolinone & Methylisothiazolinone
Methylchloroisothiazolinone & Methylisothiazolinone & Benzyl Alcohol
Methylchloroisothiazolinone & Methylisothiazolinone & 2-Bromo-2-Nitropropane-1.3-Diol
Methylisothiazolinone
Methylisothiazolinone & Phenoxyethanol
Methylisothiazolinone & Iodopropynyl & Butylcarbamate

# COSMETIC INGREDIENTS

## PRESERVATIVES

### INCI

Methylparaben

Methylparaben & Ethylparaben & Propylparaben & Phenoxyethanol

Methylparaben & Ethylparaben & Phenoxyethanol

Methylparaben & Ethylparaben & Phenoxyethanol & Glyceryl Laurate

Nisin

Phenoxyethanol & Benzoic Acid

Phenoxyethanol & Benzoic Acid & Sorbic Acid

Phenoxyethanol

Phenoxyethanol & Benzoic acid & Dehydroacetic acid

Phenoxyethanol & Benzoic Acid & Dehydroacetic Acid & Ethylhexylglycerin

Phenoxyethanol Caprylyl Glycol

Phenoxyethanol Ethylhexylglycerin

Phenoxyethanol & Glyceryl Laurate & Methylisothiazolinone

Phenoxyethanol & Glyceryl Laurate & Piroctone Olamine

Phenoxyethanol & Methyldibromo glutaronitrile

Phenoxyethanol & Methyldibromo glutaronitrile & Chloromethylisothiazolinone & Methylisothiazolinone

Phenoxyethanol & Methylparaben & Ethylparaben & Propylparaben

Phenoxyethanol & Benzoic Acid & Dehydroacetic Acid & Glyceryl Laurate

Phenoxyethanol Glyceryl Laurate

Potassium Acetate

Potassium Benzoate

Potassium Nitrate

Potassium Sorbate

Sodium Acetate

Sodium Benzoate

Sodium Benzoate & Potassium Sorbate

Sodium Propionate

Sorbic Acid

Triacetin

# COSMETIC INGREDIENTS

## MASKING

INCI	CLASSIFICATION
Sodium Cyclamate	Masking
Aspartame	Masking
Levisticum officinale oil	Tonic, masking

## ANIONIC, NON-IONICS AND AMPHOTERIC SURFACTANTS

INCI
Ammonium Laureth Sulfate
Ammonium Laureth-3 Sulfate
Ammonium Lauryl Sulfate
Cocamide DEA
Cocamidopropyl Betaine
Cocamine
Lauramine Oxide
Laureth-3
Laureth-7
Mipa-laureth Sulfate & Propylene Glycol
Myristamine Oxide
Oleamide DEA
Oleamidopropyl Betaine
PEG-2 Castor Oil
Rapamide DEA
Sodium C12-15 Pareth Sulfate
Sodium C12-18 Alkyl Sulfate
Sodium C14-16 Olefin Sulfonate
Sodium Dodecylbenzene Sulfonate
Sodium Laureth Sulfate
Sodium Laureth Sulfate & Cocamide MEA
Sodium Laureth Sulfate & Sodium C14-16 Olefin Sulfonate & Cocamidopropyl Betaine & Cocamide DEA
Sodium Lauryl Sulfate
Tea-dodecylbenzenesulfonate
Tea-lauryl Sulfate

# COSMETIC INGREDIENTS

## SILICONES

INCI
2 Aminopropyl Dimethicone & Persea Gratissima Oil
Amodimethicone
Amodimethicone & Trideceth-7
Amodimethicone & Cetrimonium Chloride & Trideceth-12
Cetyl Dimethicone
Cetyl Methicone
Cyclopentasiloxane
Cyclopentasiloxane & Cyclohexasiloxane
Cyclopentasiloxane & Dimethicone
Cyclopentasiloxane & Dimethiconol
Cyclopentasiloxane & Dimethiconol
Cyclopentasiloxane & Dimethiconol Crosspolymer
Cyclopentasiloxane & PEG/PPG-18/18 Dimethicone
Cyclopentasiloxane & Trimethylsiloxysilicate
Cyclopentasiloxane & Phenyl Trimethicone & Dimethiconol & C12-15 Alkyl Benzoate & Dimethicone Crosspolymer
Cyclotetrasiloxane & Cyclopentasiloxane & Dimethiconol
Dimethicone
Dimethicone & Dimethiconol
Dimethicone & Laureth-4 & Laureth-23
Dimethicone & Trimethylsiloxysilicate
Disloxane & Dimethiconol
Paraffin Emulsions
Silicone Fluids
Laurylmethicone Copolyol
PEG/PPG 18/18 Dimethicone
PEG-12 Dimethicone
Phenyltrimethicone
Stearyl Dimethicone & Tearyl Dimethicone & Octadecene
